SMART LED

The Future of Lighting is here.

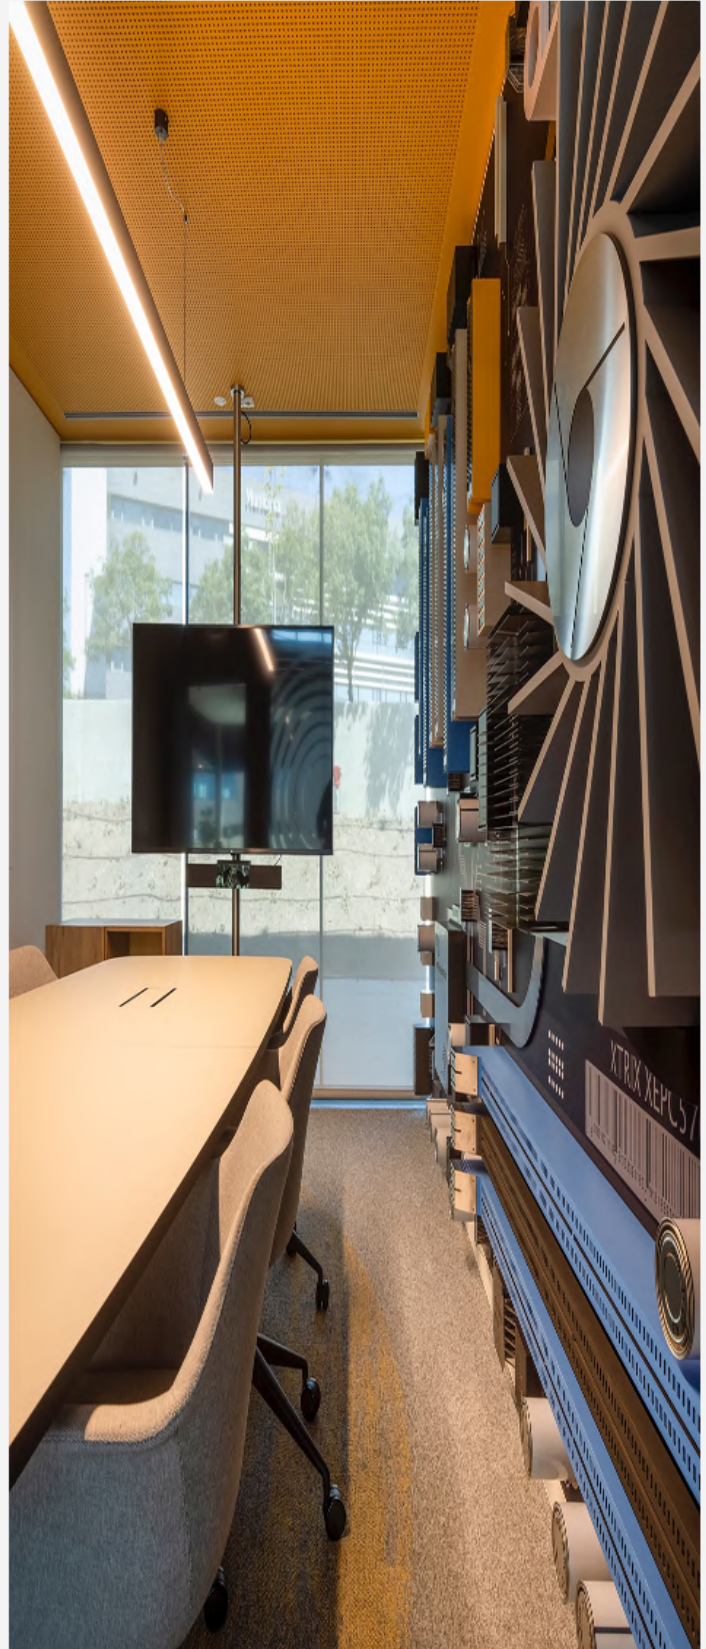

ABOUT OUR COMPANY

At *SmartLed Lighting* we aim to elevate the industry in design and manufacturing by challenging conventions and building sustainable products. While other manufacturers outsource everything from design and assembly to customer service, Smart Led chooses to design and develop our products from within.

Our vision is to lead India on the path of self sufficiency and reliability through Make In India initiative.

As a design-and-build manufacturer, we build long-term relationships with lighting Designers and Architects by solving the challenges they face with creativity and innovation. Over the years, professionals have entrusted us to provide them with cutting-edge technology made accessible to most lighting budgets through a variety of options. Our diverse portfolio of **Architectural Products, Decorative Lighting, and Landscape Lighting** focuses on addressing known problems or meeting unfulfilled needs with lighting solutions in **Commercial, Residential, and Hospitality** settings.

- Our stringent quality control processes ensure that each luminaire that leaves our factory is free from any manufacturing or performance defect. And that is why we offer a **2-year warranty** on each SmartLed product.
- However, in the rare occurrence of a manufacturing defect, our experienced after sales department is fully equipped to attend to any product related problem faced by the customer. All repairs under warranty are handled at our factory, at our cost and care is taken to resolve the issue in the shortest possible time.

Our Expertise is not Limited to Building Products but Relationships as well.

We directly source our Components from the **World's Leading Manufacturers.**

Here at SMART LED, we brighten up your day with our illuminating products. With our '**spark-tacular**' company values and excellent service. come and **Amp** up your space with us!"
